Product information

MINI Feuerzangenbowle - Feuerzange for the mug

Great enjoyment with minimal effort!

fast - practical - simple

Since the legendary Feuerzangenbowle with Heinz Rühmann, it is not uncommon to dream of the hot, soothing drink in romantic company on long winter evenings.

But do you prefer to enjoy the evening as a couple or alone? Feuerzangenbowle produced by the cup, with the MINI -Feuerzange, which fits on every coffee pot!

Due to its construction and the material used, the Feuerzange hardly heat up and can be touched with bare hands at any time!

In addition, it has wide recesses at both ends that enclose the cup diameter of all common cup sizes, which is why the tongs rest securely on the cup rim. The MINI - Feuerzange is made of food safe stainless steel and is dishwasher safe.
