Your benefits

- ✓ verified quality memory
- ✓ 5 years warranty
Warranty details see last page
- ✓ 100% compatible
- ✓ free support on our hotline
- ✓ fast delivery

PHS-memory® - computer memory with 100% quality

- many years of IT competence
- Free support for optimal configuration and product selection
- High availability through professional warehouse management
- Fast delivery in throughout Europe
- Short response times and professional order processing due to full digitalization throughout the entire process with complete traceability
- Incoming goods inspection include checks of the DRAMs, PCBs and the programmed SPDs in order to exclude possible errors (Controlled BOM).
- PHS-memory® brand memories guarantee 100% compatibility to the specified system.
- PHS-memory® memories can be used together with existing memories in the device - depends on to the configuration rules of the system.
- The "fallback option" in the SPD of PHS-memory® allows DRAMs with higher clock rates to be operated together with older memory modules with lower clock rates within the system.
- Products with unique serial number for service and warranty
- Pre-sales and after-sales support by technically trained personnel

Memory Specification

Memory size	32GB
Memory technology	DDR4
ECC support	no
JEDEC Norm	PC4-19200S
DRAM Organization	2Gx8
Rank	2Rx8
Type	SO DIMM
Number of pins	260 Pin DIMM
Memory data transfer rate	2400MHz @ CL17
Voltage	1,2 Volt
Speciality	-
Board dimensions	69,73 x 30,13 (LxB mm)
Operating temperature	0° C - 85° C
Storage temperature	-40° C - +95° C
RoHS compliant	Yes
SKU	SP316852
EAN	4063369753679

overRAMing - maximize your RAM

Most systems - including the HP ZBook 15 G3 (i3/i5/i7 Prozessor) - can be upgraded with more memory than originally specified by the device manufacturer.

Therefore, our memory specialists continuously analyze new memory solutions in selected systems. Due to improved manufacturing technologies, new memories with higher performance and capacity will be tested for stability and functionality.

Then the new memory solutions are released for the respective systems. Use the benefits of larger computer memory capacity with the PHS-memory® overRAMing memory solutions.

<https://www.phs-memory.it/-BOR>

Note: The module specified in this datasheet is one of several possible configurations available under this part number.
Some details may differ from the specifications described here and the illustration, but have no negative influence on the functionality.

System Specifications

The memory is 100% compatible with this system:

System manufacturer	HP
Device type	Workstation
Device family	ZBook
Device series	15 Serie
Device name	ZBook 15 G3 (i3/i5/i7 Prozessor)
Standard memory	16GB
Maximum memory*	128GB / 64GB according to manufacturer
Number of memory sockets	4
Annotation	Achtung: Nur for Geräte with Intel i3/i5/i7 Prozessor. suitable for the following models: T7V50EA, T7V51ET, T7V53EA, T7V58ET, T7W04ET, T7W05EA, Y6J57ET, Y6J59ET, 1KS13EC, etc.

* The specifications for the maximum memory upgrade may differ from those of the manufacturer HP. Often the information given in the manual for the maximum memory upgrade is not up to date. New memory technologies, bios updates or newer software versions often allow the use of memory modules with a higher capacity than specified by the manufacturer with the same performance and stability.

Memory modules with our overRAMing-symbol are approved by us for maximum memory expansion.

Information on memory allocation

Nur for Geräte with Intel i3/i5/i7 Prozessor!

Der hier angebotene Computer memory passt nur for Geräte with Intel i3/i5/i7 Prozessor.

Sollte Ihr ZBook G3 eine Intel XEON Prozessor besitzen, benötigen Sie einen SO-DIMM ECC Computer memory. Suchen Sie in diesem Fall nach der Bezeichnung: ZBook 15 G3 (Xeon Prozessor) or wenden Sie sich in Zweifel an unser memory-Hotline.

Information on memory installation

- Turn off the system
- Remove the plug of the power supply unit (if connected)
- Remove the battery, according to the user manual of the system
- Always ground yourself before touching electronic components
- Protect the memory module from static voltages:
 - Do not touch the gold pins of the memory module
 - Only touch the sides of the memory module
 - Use a grounding strap and/or ESD glove if possible

General installation instructions are supplied by E-Mail.

Further memory options for HP ZBook 15 G3 (i3/i5/i7 Prozessor)

Size	SKU	Technology	Type	Number of pins	Brand	Reference no.
4GB	SP230412	DDR4	SO DIMM	260 Pin DIMM	PHS-memory®	
8GB	SP230413	DDR4	SO DIMM	260 Pin DIMM	PHS-memory®	
16GB	SP230411	DDR4	SO DIMM	260 Pin DIMM	PHS-memory®	
32GB	SP316852	DDR4	SO DIMM	260 Pin DIMM	PHS-memory®	

PHS-memory® warranty

Every PHS-memory® is equipped with a 5-years-warranty of perfect operation. If the RAM module is defective or fails within 5 years of purchase when used properly, you will receive an appropriate RAM module free of charge. If a suitable memory module is no longer available, we will refund the purchase price.
